

EASY-CLAMPING BASE XL/400 FOR BRILLANT 275/285/2000

The innovative Easy-Clamping System for our large room cutting machines is a base plate that attaches to the T-slot table of Brilliant 275, 285 and 2000.

The system not only saves time, but squares the vice securely to the table for more dependable clamping.

Clamping system with sliding carriage 400 and power clamp 100-380 set can be mounted directly on the base plate.

- » base for quick and easy fixing and adjusting of various clamping tools on machine table
- » for fixing of: Clamping system with sliding carriage 400 set
Power clamp 100-380
